

OFFICE OF
The Woman's Journal,

No. 3 TREMONT PLACE.

Boston, June 10 1872

Dear Mr. Garrison

35- Will you not improve our
great opportunity by writing for the
N Y Independent an editorial or
communication showing that the
moral weight of the Rep party has been
enlisted in ~~behalf~~ of the W S.
movement by the plank in the
platform & urging all friends of
Woman Suffrage to rally to the
support of Grant & Wilson?

I think a letter from you
claiming the great advance in
public sentiment which this
plank indicates & making as
much of it as it deserves, will
do a world of good.

In haste

Ever yours

Henry B Blackwell
